

## **Snooker**

The Club is particularly proud of its new snooker room, which was completed 2003. The room contains two full-size snooker tables which are available for use by all Club members during bar opening times.

Currently two teams participate in the Gravesend and District League, with the 'A' team having dominated the Premier Division for many years. It is hoped that we will be able to enter a third team next season but this depends on having sufficient players.

The tables are reserved for league matches on Thursday evenings from September to April.

Whilst youth members are encouraged to play, those between the ages of 14-16 must be accompanied by an adult member, and those under 18 years of age are requested to give priority to adult members.

Internal club tournaments are held each year including Championship and Handicap knock-out competitions.

## **Membership & Costs**

There is no Section fee.

Cost of play - £1 per half-hour.
